Assessor Comments	Here presents a good line of 18 X 18 aged Angus and Angus cross cows and calves. The cows are doing an excellent job on their calves who are showing plenty of sap. The cows and calves are very good to handle as they are regularly shifted between paddocks on the property. Calves are by Bonnydale Black Simmental Bulls. Cows have been running back with Bonnydale Black Simmental and Clay Gully Traditional Simmental bulls since 1st November 2025. Very good chance of of these cows being 3 in 1 packages. All cows and calves have been mothered with corresponding eartag numbers. Cows and calves are running on forest type country. These cows and calves would be very suitable to a turnover split job. The younger type cows in this mob still have a few years breeding in them. All cows are doing an excellent job on their calves. Are only getting sold due to owner changing over to a trader
