Assessor Comments	Here presents a very good line of 26 X 26 Angus cross cows and calves being only 2 to 4 year old. These cows have all their breeding life in front of them. Majority of cows are 2nd calvers and the others are 1st calvers. The cows are doing an excellent job on their calves who are showing plenty of sap. The cows and calves are very good to handle as they are regularly shifted between paddocks on the property. There are 6 brangus cows showing no hump and 20 ultrablack type cows. Calves are by Bonnydale Black Simmental Bulls. Cows have been running back with Bonnydale Black Simmental and Clay Gully Traditional Simmental bulls since 1st November 2025. All cows and calves have been mothered with corresponding eartag numbers. Cows and calves are running on forest type country. If you are looking for genuine young breeders who are doing a great job on their calves with plenty of breeding left in them then look no further than these. Are only getting sold due to owner changing over to a trader
