No Burr or Seed of weeds declared noxious observed in the coats at assessment

HGP Status

The owner declares that the cattle have not been treated with HGP at any period of their lives

Health Treatments

Drenched01/06/2025

Dectomax

Vendor Comments

Offering an opportunity due to dry times to purchase females directly from the stud herd. Even with the strong market conditions pressuring to sell to processor, we have chosen to let these quality females breed on in to the future.

Joining Details

Station Mated bulls put in: 17/06/2025 bulls taken out: 26/08/2025 (71 days)

Bull Breed(s): Registered Hereford

	Bull IDs: Kidman Dalby U031 (AI) (PP) KIDU031 To the vendors best knowledge, this lot has had no access to bulls or stags aside from stated joining period.		
Preg Tested?	Yes, this lot was pregnancy tested, by Andrew Shearman (Non-Vet Contractor) on 20/01/2026. 19 Head (100%) PTIC, from 4.5 to 6 months (at time of assessment 20/01/2026). Certificate Available.		
	Quality Grades		
	Excellent	60%	
	Very Good	30%	
	Good	10%	
Temperament	Yards	Crush	Paddock
	Docile: 12 head Quiet: 7 head	Docile: 10 head Quiet: 9 head	Temperament not assessed in Paddock
	An excellent line of cattle to work with. Bred for years with temperament at the forefront, these cows were not trouble at all to handle.		
Handled With	Bikes , On foot , Vehicles		
Notable Traits	Traits		
	2 Head Small amount of eye scarring (one eye hard to see from distance)		
Assessor Comments	Cattle of this quality, directly from the stud herd are rarely offered. The Carlow family at Kidman Poll Hereford have been breeding exceptional quality Hereford since 1986. These females have been part of a hard decision given extended dry seasonal conditions. The heifers are as always from the Kidman herd, eye catching with plenty of growth for age, bone, volume and correctness right down to their feet. These females are packed with maternally focussed genetics with years of consistent selection behind them. These heifers sell PTIC to low birthweight stud sire KID0321 and are due to commence calving in April. Bloodlines in these females include their sires Tobruk Regent R010, Rayleigh Republican R092, Wirruna Querido Q266 to name a few whom are proven to have produced quality in the Hereford breed. Again, this is a rare opportunity to secure females of this high caliber and come with a very high recommendation by not only our agency but also the repeat clients of the Kidman stud.
