Assessor Comments	Buyers on offer is a small line of mixed-breed, PTIC cows, currently 2 to 3 months in calf to Texas Angus Maverick R790 and Canaga Maverick V907 Angus Bulls (see photos). These are young to middle-aged cows on only their 2nd to 4th calves and are sound, healthy, and have plenty of productive life ahead of them. These cows are very quiet and exceptional to handle and would suit any existing herd, through to someone in a smaller operation looking for some "easy to handle" quality cows. Buyers, please note that this vendor has one other lot available in this sale
