Comment on Fat Score 1 Cattle

The cows are strong and should travel well if proper procedures are followed, however extra care would be required over a long distance.

Assessor Comments	A small line of generally good quality cows with good doing to sappy calves at foot. Will suit as an opportunity to grow out and split. The cows are generally large frame and should fatten into heavy bodies when the calves come off. The cows are doing a good job on the calves and will benefit from a lift in feed. Note the cows were with a bull up until 18/11/25.
