Assessor Comments	Offering 53x53 Angus cows and calves presenting a great opportunity to put on good feed and watch the cows fill out and calves grow. These cows are in store to forward store condition and doing a great job on the calves. Cows were all mouthed at assessment and estimate age range from 3 to 8 years with most cows 6 & 8 tooth and all cows being sound. Purchased PTIC out of Victoria mid 2025 all calves are Angus excluding one surprise Speckle Park calf. Calves average weight 158kg at assessment and don't look like slowing down, all bull calves were marked with rings at assessment. Please note approx 2 cows and 4 calves show signs of pink eye and 1 cow has a lump on its jaw.
