Assessor Comments	Vendor bred Mandayen blood heifers with 70 x marked autumn calves(215kg) at foot by A.I Sires -Landfall Summit S1944 and Woodhill Patent . 100 x spring drop(103kg) unmarked calves at foot. Only selling due to seasonal conditions. Heifers are store condition but still strong, weaner calves are dry but fine and young calves are surprisingly good considering. Plenty of compensatory gain across the mob here. Unfortunately due to the dry conditions pink eye is prevalent - 8 x cows scaring, 31 scaring to active in calves but still treatable.
