Assessor Comments	A 2 deck load of Station-mated Angus Cows and calves. Cows are predominantly 2.5-5.5 years with only 4 older. 12 head have their first calf at foot. Cows would be an ideal to fatten and trade with plenty of weight in the calves or to retain for future years. Cows are Kunama blood with Brookfield park Angus CAF & rejoined to the Brookfield Park bull for a mid-June calving. Calves are marked. Cows are doing a good job on the calves but are in strong store condition themselves. Only being sold due to continuing dry conditions on the Monaro.
