Assessor Comments	Due to the tough seasonal conditions and being overstocked, the Orton family of Murrumgee are offering a line of Station Mated Heifers and Calves for buyer competition. These medium framed heifers are Landfall Angus blood (were sired by Keystone Landfall M413) and have been joined to a Milla Murra Angus bull. Due to the lack of handling, these heifers and their calves did become agitated when in an unfamiliar environment, but calmed down once being joined with their calves and back in their paddock. Please see photos for full satisfaction. BUYERS PLEASE NOTE: 1 steer calf has light pinkeye. It was treated at assessment. A photo has been added.
