	Excellent cows to handle at assessment that would suit someone of any ability. These cows are handled regularly and have a very quiet nature. Please refer to video as an illustration of their temperament.				
Handled With	Bikes , On foot , Vehicles				
Notable Traits	Traits 6 Head White on udder				
Assessor Comments	Magnificent line of Team Te Mania majority ACR recorded, EU Accredited, rising six-year-old PTIC Cows, due to commence calving late March (estimated 70% are in calf to AI sires, see joining details). The Toolong Herd has been a Progeny Test herd since the inception of Team Te Mania in 1995 & is a herd with an enviable industry reputation. These cows are demonstrating all the desirable attributes of the breed - a result of a fastidious breeding approach, being assessed as 100% quiet/docile, structurally correct, large framed with volume & depth of body. The herd has a proven track record of performance & high marbling, being a preferred supplier to Rangers Valley Feedlot. This is a truly outstanding opportunity to invest in some of the best commercial Angus genetics in the country. Please take the time to have a look at the joining sires (links attached), average IMF is 5.02 (top 10% of the breed). Genetics of this quality take years of breeding and come with my highest recommendation.				
Assessor	Tim King (Level 1 Accredited) Phone: 0437 751 322
