Assessor Comments	Offering a line of 48 x 48 vendor bred Angus X Heifers with marked calves at foot by the Angus bulls. Heifers are predominately Black Baldy types with a small mix of other colours. The heifers present in good forward condition with plenty of milk under them and handled well through the yard at assessment. The calves are fresh, marked and comprise of 21 steers + 27 heifers. The calves consist of 3 Reds, 7 B/Baldy, 3 Greys and 35 Blacks. With all the hard work done for you these units present a great opportunity to both trade or retain as future breeders. The photos provide a strong representation of the mix in breed however all of the heifers are sired by angus.
