Assessor Comments	A quality line of Ultrablack & Brangus cows that present in good forward store condition. This is a genuine sale of proven breeders that are only being sold due to the loss of lease country. These cows have been running on light timbered hill country and are renowned for their doing ability as they have raised calves every year. The Summers family have always focused on fertility in their program & these cows would be an ideal addition for any graziers looking to replenish their herds.
