Assessor Comments	Heifers that were selected to become replacement breeders. The tight season is forcing the sale of the PTIC heifers from Oatleigh. These heifers have years of breeding and selection with them, with high emphasis on growth and fertility. Preg tested last years first calves with a 98% re join up rate from them, speaks volumes of the cattle. The are very well grown for age and very few calving problems every exist in the OPC program. You can buy with confidence these cattle will perform for you and suit any breeding program.
