Assessor Comments	A great opportunity to purchase a line of 26 x PTIC Angus Cows. To commence calving in early July for 7 weeks. The cows are 6.5 to 7.5 years of age and were purchased as young classed in cows. They are joined to a Hazeldean Bull and will prove to be valuable breeders into the future. Offered for sale as the season has continued to stay dry and the vendors have made the decision to focus on their sheep as a precedence. Great opportunity for a trade or to be retained as breeders of the future. The majority of these cows were bred by the Beasley family in the Gippsland, they type their calves with shape and style. Calves of these cows are offered in the weaner sale.
