| Assessor Comments                     | A nice line of locally bred Angus heifers PTIC to very good Table Top Angus bulls. These heifers were purchased out of the very renowned Glenlock herd at Everton and have grown out to be very stylish, structural correct females with plenty of length and softness. Joined for a tight 7 week joining these heifers will be a wonderful addition to any spring calving enterprise. Please note one heifer has splash of white near udder and one has a cloudy eye not deemed detrimental . |                                          |                                     |
