Assessor Comments	Stud Angus Cows - Buyers we have 15 PTIC registered Angus cows in calf to Texas Maverick R790 or a son of this Bull bred out of stud cows. (Data will become available on the younger Bulls if required). These cows are 3 to 8 years of age and registration details can be provided and transferred at buyers wish. Cows handled very well and were extremely quiet during assessment. They posses good frame and are all sound with plenty of future left in them. They would suit someone wanting stud cows through to a commercial herd wanting quality Angus cows with the potential to retain Bull calves. Pregnancy certificate in photos. Please note Vendor also has 19 Ptic heifers and 32 Ptic cross bred cows in same sale.
