Assessor Comments	Regretful sale of very good PTIC cows as the vendors have decided to disperse their breeding stock due to off-farm commitments this year. These cows were an absolute pleasure to handle and buyers should bid with confidence. The Te Mania blood females have an immaculate breeding record and still have plenty of breeding left in them. Over the years, they've done a tremendous job on their calves. During the past two years, the steers have been awarded best presented pen at the SELX Spring store sales. Cows feature the following: * PTIC to registered Gilmandyke sire * Fourth calvers * Due to calve from July 1 for approximately 6 - 8 weeks * Cows are in excellent order considering a tight season in the area * Scanned and ready for NLIS transfer at no cost to purchaser.
