Temperament

Yards	Crush	Paddock
Quiet: 50 head Slightly Stirry: 3 head	Quiet: 49 head Slightly Stirry: 3 head Stirry: 1 head	Quiet: 50 head Slightly Stirry: 3 head

The bulk of the cows were generally easy to handle, they flowed through the yards easily when drafting and processing. They have been constantly fed and are used to tractors, bikes, cars etc. However there was an occasional cow that did rush slightly in the race, and also moved about when on the scales. All cows were bailed and mouthed, occasional cow become anxious and threw their head around. Once released from the crush they were generally calm and relaxed.
