Vendor Comments Proven mothers with great milk that produce a really beefy vealer each year. Really tough sale, especially for 1 cow that is a sweet natured cow that eats out of your hand. Only being sold due to the season, would otherwise have been retained.

Assessor Comments	Two quality F1 vealer cow and calf units, only being offered due to dry seasonal conditions. They would otherwise have been retained in the herd. Don’t let the colour fool you — both are proven breeders, consistently producing quality vealer calves. They are doing an excellent job raising their Spring-drop Simmental and Angus calves at foot. One cow in particular is extremely quiet and will eat treats out of your hand, as shown in the video. Cows have been depastured to Traditional Simmental and Angus bulls. A genuine opportunity to secure productive, reliable units with strong vealer performance.
