	Super quiet Heifer & calf unit. Heifer was hand reared as a calf, which has left her friendly & very easy to handle with no stress.

Assessor Comments	A great F2 opportunity for the astute vealer producer. This quality heifer and calf unit is only being offered due to dry seasonal conditions and would otherwise have been retained in the herd. Extremely quiet in every way — you can pat her all over. She eats treats out of your hand and has a beautiful, no-stress temperament, making her suitable even as a family pet. She is doing an excellent job with her first Angus calf and is currently depastured back to a traditional Simmental bull, offering exciting future breeding potential. A genuine, quiet, productive young female with her best years ahead of her.
