Assessor Comments

A lovely line of 29 Charbray x PTIC heifers. All heifers are year branded 4s, vendor bred and vet preg tested in calf to Charolais bulls. Vendor would usually keep these heifers but due to surplus of heifers it has been decided to sell. Heifers would be an asset to any breeding program with plenty of bone behind them and great temperament. Please note there is one black and tan heifer in the videos that is not part of the 29
