Assessor Comments	Here presents a line of Crossbred Cows and Calves. Cows present in store and forward store condition and given the right opportunity would bounce away for successful purchaser. A portion of these cows are vendor bred and the balance are were purchased PTIC from multiple locations. These cows and calves would be ideal to fatten and split and are only being offered due to seasonal conditions. Buyers please note three cows show light scald, one cow has a lump on flank, four cows have old pinkeye scarring in one eye but doesn't affect their sight in anyway. Buyers please also note one calf has a bent nose (see attached photo) and one calf has a swollen navel. The six cows without calves appear to be springing. Calves were tagged on day of assessment but remain unmarked. Vendor has another lot in same sale.
