Assessor Comments
Quality well grown AngusX Angus heifers faithfully depastured and PTIC to go back into the herd as future breeders, only being sold due to prolonged dry conditions. No set backs in their lives, they are well grown and stand on plenty of bone. Odd heifer with with white on underline/ udders but nothing forward of the naval. Buy with confidence these heifers will perform. The current drop of weaners were being weaned in the yards concurrently and if this is anything to go by the calves they carry will please the most astute Angus breeder. Quality Angus breeders of the future. Quite as big pups, if your looking for nice quite well handled young future breeders look no further. 40 red tags and 1 blue tag.
