Assessor Comments	**POTENTIAL 3 in 1 UNITS** An excellent quality (B-Double) line of Angus Heifers & Calves. The Heifers present in forward condition & averaged 584kg; live at assessment. The 'Moongenilla' Angus Blood Calves are fresh & sappy weighing an average of 210kg. The Heifers have been re-joined to a Moongenilla Angus Bull from 27/10/25 for 11 wks. These young females have plenty of frame & class, showing great maternal traits by doing a fantastic job on their first calves (at foot). These potential 3 in 1 units represent value with quick ROI & multiple options moving forward - on-sell/trade or retain. These outstanding units carry my HIGHEST recommendation!
