Assessor Comments	34 very well bred Hazeldean Blood PTIC heifers. A pleasure to work with this line of heifers present an opportunity to purchase quality cattle in calf to high performance Hazeldean sires. Showing impressive growth and weight for age these heifers have come through a dry season and still present in forward fresh condition. If your looking for quailty cattle dont go passed these impressive females. 8 heifers have slight pink eye scarring, and some heifers have white on their udder, one heifer has white on her belly. Buy with confidence.
