Assessor Comments	**Herd Dispersal** Proudly offering on behalf of Strathmire Pastoral, is the first stage of their herd dispersal. On offer are 48 Autumn calving Angus cows, on the doorstep of calving. Cows are large frame, showing plenty of frame, shape and style. Cows originated from the family farming operation and continued as a self-replacing herd using Weeran and Murderduke blood. in later years, no heifers where retained, and cows purchased as PTIC as replacements. These cows originated from Banquet, Te Mania and Bull Oak well blood herds. Cows are PTIC to Landfall Angus sires, to commence calving 21st of March. These cows come highly recommended, and would be a great addition to an existing autumn herd, a start up, or a shorter term trade.
