Assessor Comments	Buyers a great opportunity to secure a well bred line of young Angus Cows. These Cows are very well bred and joined for a tight Calving 7 week Calving period. Cows had weaners pulled off them 3 weeks prior to assessment and since have been on forage sorghum and have been going ahead. These Cows would be a great asset to anyone looking to add or rebuild a breeding program with them being only young Cows. Cows were all purchased as one line with the breeder having multiple earmarks due to different properties.
