| Assessor Comments      | A small but quality line of Cows that at assessment weighed from 496-568kg to average 530kg and present in a forward condition. The cows have been running with an Angus Bull and should be in calf with their second calf. The cows are only being sold due to running out of feed and water on an agistment paddock. Cows will be transported to the Tenterfield Saleyards to assist with delivery - please note Tuesday delivery. The vendor also has a line of Cows and Calves in the same sale. |
