Assessor Comments	Buyers, to be offered for sale are 150 White Dorper X and Australian White Store Lambs. Vendor bred lambs, Annalara White Dorper, Tattykeel and Red Hill Australian White Blood. Average 40Kg at assessment with a tail removed. This draft represents the tops of the drop. Plenty of time to fatten these lambs, mid July to mid August drop. Lambs are well bred and well managed. Weaned, drenched and vaccinated. These lambs are in good forward store condition have done very well considering the dry seasonal conditions they have endured. Lambs are out of good clean shedding ewes. I have no doubt given the opportunity on good feed these lambs will jump out of their skin and hit trade/export weights quickly. A great opportunity to purchase a neat body truck load of 150 shedding lambs.
