Assessor Comments	On offer is a line of 230 2nd X store lambs that would be the perfect article to take forward into the autumn & winter markets. Only being offered due to drying seasonal conditions; these lambs would usually be fattened to trade and export weights. They are well bred, all sired by top quality Ridgehaven Poll Dorset rams. These lambs av 37.2kg at assessment ranging from 31 to 43kg. These lambs have been introduced to grain and as a June/July 25 drop they have plenty of time to reach trade and export market weights if given the right nutrition. These lambs are in store condition and would really benefit from shearing. Please note the same vendor has another 2 lots offered in this sale to give buyers the chance to put together a line of 850 one mark, vendor bred 2nd X lambs.
