Lambs are part of large Primeline flock that consists of pure genetics and also including some Dorset cross and also a small percentage of 1st Cross Dorset and Hampshire Downs, in producing Domestic trade lambs. November shorn and been running on declining pasture quality with 3 kg of grain per week. Offering a good opportunity to secure both good performance genetics in lambs that poised to finish quickly. Offered in groups of 510 equal lots plus a small lot and also 460 lighter lambs.
