Assessor Comments	A very good opportunity to purchase the Huppatz weather lambs. Bred out of Gum Hill rams these lambs have the ability to grow out to export weights given the right management. You can bid up with confidence these lambs will perform. Recent years have seen the lambs go into feedlots and dress over 30kg. These lambs have gone forward since shearing in November and have been trail fed barley over the past 3 weeks. Buyers please note there is 1 lamb in here with black wool over large parts of its body and there are 2 lambs that were missed at November shearing and were shorn mid December.
