Vendor Comments	Offering of feeder lambs, we would normally finish lambs, however season dictates their offering.		
Assessor Comments	An excellent group of 400 x June/ July 2025 Drop Feeder Lambs. Lambs individually weighed between 38 - 47kg full. The lambs were shorn in late November and are in good health, this group represents the middle draft of lambs with the lead being processed. The lambs are currently grazing rye grass and have access to Barley in self feeders. An opportunity to purchase lambs that are in forward of store condition. Lambs bred from Primeline and Tradie sires, they will perform well if given access to high protein feed. The lambs will offer plenty of value to buyers. Note: AMI Agriop will offer another two groups of lambs in today's sale.
