Assessor Comments	A good group of 250 x June/ July 2025 Drop Feeder Lambs. Lambs individually weighed between 30 - 37kg full. The lambs were shorn in late November and are in good health. The lambs are currently grazing rye grass and have access to Barley in self feeders. An opportunity to purchase lambs that are in store condition. Lambs bred from Primeline and Tradie sires, they will perform well if given access to high protein feed. The lambs will offer plenty of value to buyers. Note: AMI Agriop will offer another two groups of lambs in today's sale.
