Assessor Comments	410 x Merino wether lambs. Weighed 37kg plus full. This is the top draft of the drop. These wethers are well shorn and have held their condition well since shearing. They are reasonably plain bodied with a large frame, these wether lambs represent quality breeding with the Parker family purchasing top end merino rams from Moorundie Park for 19 years. Fantastic lambs to finish at heavy export weights or they would also mature into top quality wool cutters.
