Comment on Fat Score 1 Sheep

Lambs in fat score 1 are vibrant and in good order. Just lack a little bit of cover compared to the majority of the other lambs. Fit to travel and move in a forward condition.

Assessor Comments	This is a great opportunity to purchase some excellent quality 1st X BL Ewe Lambs. Normally retained within the partnership to breed on their Island property but due to seasonal conditions and a change of business direction, vendor is looking to move them on. Vendor has always purchased large framed, plain skin local Mallee Ewes joined to high indexing rams from reputable BL studs. They were extremely well shorn back in September and present well at the time of assessment. Purchaser can buy in full confidence knowing these Ewe Lambs are ready to join with a ram of their choosing. Weighed from 40-50kg this line is the 2nd draft of the drop, the top draft (x 220) is on offer in this sale as well. Note: ** Some lambs slightly dirty around breach in photos due to chasing some green in the paddocks. All to be crutched prior to delivery **OJD Vaccinated on 06/01/26
