Vendor Comments	Sale of Store wether lambs that are generally kept and finished to heavy export weights. Commercially registered SRS flock with certified SRS tags.		
Assessor Comments	Very good line of good framed, plain bodied Parkdale blood SRS wether lambs that are shorn drenched and ready to perform on crop or grain if given the opportunity. Lambs are usually kept and finished on lucerne but seasonal conditions have influenced the sale. Flock is based on Parkdale Bloodlines buying a top price ram there each year with emphasis on bright stylish wool on a structurally sound confirmation with high quality carcass traits. Out of large frame plain bodied ewes that are classed heavily each year. Vendor has 200 ewe lambs in same sale.
