Assessor Comments	On offer is a line of Merino wether lambs, only August/September 2025 drop. These young lambs come from a self replacing flock based on Lachlan Merinos blood. They are unshorn and have had a light mules. Lambs have never had a lot of feed in front of them due to the dry conditions in the district and would jump away given the opportunity on better feed. They are only being offered for sale as the vendor is running out of stock water. Good opportunity to put away a line of affordable wether lambs to capitalise on the strong predicted lamb prices later in the year. Please note that there is a small number of ewe lambs in the mob. Vendor also has a line of Poll Dorset x Merino lambs on offer in this sale.
