Assessor Comments	Buyers on offer is 2 lines of 322 White Suffolk x Merino Ewe lambs Account Kealy Past Company averaging 47kg curfewed. These lambs were all individually weighed 46kg and above full and present as a very even line with frame and length of body. The beauty of these Ewe lambs is you've got plenty of options up your sleeve whether it's finishing them for the very lucrative kill job going forward or tucking them away for a future breeder operation these Ewes will suit both options perfectly. Ewes have been mulesed, tail stripped and Gudair vaccinated and have an outstanding animal health history. Opportunities to secure young future breeder Ewes will become increasingly difficult going forward with widespread rains and confidence to hold onto breeder stock so don't miss this opportunity!
