Assessor Comments	Offering 290 Cashmore Oaklea blood composite ewe lambs presenting in store to forward store condition. Lambs are healthy, are sired by high indexing Cashmore Oaklea rams and bred from Cashmore Oaklea blood composite ewes. They have had their second 6-in-1 vaccine and Campyvax an and have been trained to grain being trail fed and feeder access to barley & beans.. A terrific opportunity to acquire healthy, later drop lambs with the breeding to take through to future breeders or to finish into what promises to be strong winter trade and export markets.
