Assessor Comments	134 April/May 2025 drop ewe lambs. These ewe lambs are bred using Moorundie blood and are showing outstanding growth for age. Nice length and plenty of depth of body with a good rebate on their back. Lambs provide the opportunity to grow out to large frame Productive ewes. Vendor selects for feet, structure and temperament while also focusing on wool and meat, producing a dual purpose sheep. A small tail has been removed for buyers confidence.
