Assessor Comments	Cattle Creek is offering 610 Merin Wether lambs June/July 2025 drop. Currently in fresh store condition, this spring has been a slow start however the lambs are well grown for their age and they will perform well for those buyers wanting to grow lambs out into trade and export weights. Bred out of Medium to Large framed Watervalley Merino Ewes. The lambs have not been mulesed. As stated in the skin comments on inspection at assessment there is signs of barley grass and Geranium in the wool but does not seem to have penetrated into the skin. These lambs have respond well with good weight gains since shearing. These lambs are on the do and will continue when shown good feed.
