Vendor Comments	Very happy with how these wether lambs have grown over the summer months. also happy with the wool cut in January. If we had the feed to finish ourselves we would but a tight season means we won't be able to finish
Assessor Comments	A great opportunity to purchase some terrific Merino wether lambs that have a lot of the hard work done already. Ideal lambs that historically would be kept on feed and turned into heavy export lambs but due to tougher cropping seasons these lambs are now on the market. January shorn and trail fed on barley, these lambs are ready to go straight into induction to be finished off for autumn/winter markets. They have plenty of frame and just need the right management to grow these lambs out to heavy markets.
