Assessor Comments	A good line of Aug/Sept drop Merino wether lambs. This represents the middle draft of the vendors drop with a big tail taken out. Lambs were 100% individually weighed 29kg plus at assessment. Unshorn they carry a good fleece that are typically around 15 micron wool as weaners. Sired by dual purpose Bogo & Rogara rams these lambs will give the successful purchaser opportunity to capitalise on the rising wool market and finish the lambs to desired trade or heavy weights.
