Assessor Comments	1220 Outstanding feeder lambs to be offered as two even runs out the gate. Sired by 'Bruan' Poll Dorset rams selected for EMA, PWWT & PFAT. These lambs have the ability to reach heavy export weights in a short period of time due to their exceptional genetic profile! They are currently running on dry pasture being supplemented with 500g of barley per day. Shorn in late January, they are ideal lambs to take on the finish for the lucrative winter markets. They come with my highest recommendation!!!
