Assessor Comments 105- June/July drop Merino wether lambs averaging 35.3kg at assessment. Lambs are Willandra/Pendarra blood, December shorn and mulesed. Lambs are grain trained, with barley supplied at 1.8kg weekly. Well bred store lambs that will respond extremely quickly on a rising nutritional ration. Lambs that will mature into big, solid bodied wethers and produce plenty of wool at around the 18 micron range. Please note, vendors son is also offering a line of the same blood lambs just at a slightly heavier range, allowing a nice line of 200 lambs to be put together.
