Assessor Comments	Complete drop of ewe lambs that are up for sale to allow paddock room for more breeding ewes. Genuine future breeders, this is an entire drop with a light tail removed. These lambs have been running on bean stubbles with access to beans in lick feeders also. Nov shorn, they present with a handy rebate on their backs with the current lifts in the wool market. On the move and ready to finish on grain these lambs should grow out to heavy weights. Please note the vendor has 140 wether lambs to match, in the same sale.
