Assessor Comments	165 Young First X Ewe lambs. June drop, November shorn, vaccinated, drenched and backlined. Lambs come from large framed, plain bodied Broken Hill and Warren bred merino ewes. Sired by Cadell blood B/L rams. Averaging 34.3kg at assessment, these ewes represent the middle cut of a line of 350 & will continue to grow into top line breeders, given half a chance, with depth and bone to carry their long bodies. Long time breeders of first cross ewes from a renowned flock. These lambs well worth a look. Ideal lambs to grow out into autumn and join at will.
