Assessor Comments	A good line of maiden Merino ewes. These ewes have got a good fleece on them and could be shorn which means an income for the purchaser straight away. They are in good body condition due to the client trail feeding faba beans which has given them very good health and a good fleece. This is a good opportunity to get a young line of Merino ewes to join to cross bred rams and cash in on the good prices for fat lambs. There is one ewe with a black ring around 1 eye.
