Assessor Comments	Nice quality line of NSM 2019-2021 drop poll merino ewes. Offered for genuine sale due to lease of property, they would generally be used in vendors terminal sired program for spring lambing. Ewes carry a clean bill of health and are in good joining condition with ewes on the improve in their feeding program. A visual draft was done pre assessment based on type to present an even line. Small percentage of ewes appear mulsed. Ewes stand even and in fresh store to slightly forward condition. Ewes were mouthed and udder checked with faults removed. Ewes offered as sound relative to the age and are worthy of another chance of conception. Vendor offering two other lots in this sale. Please call for further information.
